

The Treasurer's Summary:

The Club began the year with a healthy balance of \$16,950

After Covid arrived, we were forced to re-create ourselves as a "virtual" club and after a slow start, our revenues are now in excess of \$1,000 monthly

The executive chose to make several donations to local charities, totaling \$12,500

I'm pleased to report that even after such assistance to local charities, the Club ended the year with a bank balance of \$8,162
